

## STRONG BULWARK IN ALLIES LINE OF DEFENSE FALLS

### ALLIES ARE COMPELLED TO RETREAT

### Germans Win Battle in Belgium.

### FRENCH WAR OFFICE ISSUES STATEMENT

### Says Allies' Plan of Attack Failed and Losses on Both Sides Are Heavy.

Paris, Aug. 25.—The French war office issued the following announcement:

"The French and English, the plan of attack having failed owing to unforeseen difficulties, have retired on the covering positions."

"West of the Meuse the English army on our left was attacked by the Germans, but behaved admirably, holding its ground with traditional steadfastness."

"The French assumed the offensive with two army corps. An African brigade in the front line, carried away by their eagerness, were received by a murderous fire. They did not give an inch, but, counter attacked by the Prussian guard, they were obliged to retire, only, however, after inflicting enormous losses. The Prussian guard especially suffered heavily."

"East of the Meuse our troops advanced across an extremely difficult country and made a vigorous attack when they emerged from the woods, but were obliged to fall back after a stiff fight south of the River Semois."

"On order of General Joffre our troops and the British troops withdrew to the covering positions. Our troops are intact; our cavalry has in no way suffered and our artillery has affirmed its superiority. Our officers and soldiers are in the best of condition, morally and physically."

"As a result of the orders which have been issued the aspect of the struggle will change for a few days. The French army will remain for a time on the defensive, but, at the right moment, to be decided upon by the commander-in-chief, it will resume a vigorous offensive."

"Our losses are heavy; it would be premature to enumerate them. It would be equally so to enumerate those of the Germans, who suffered so heavily that they were obliged to abandon their counter attacks and establish themselves in fresh positions in Lorraine."

"We delivered four attacks from our positions north of Nancy, inflicting very heavy loss on the enemy."

**Defenses Remain Intact.**

"In regard to the general situation we have the full use of our railroads and retain command of the seas. Our operations have enabled the Russians to come into action and penetrate the heart of West Prussia. It is to be regretted that the offensive operations planned failed to achieve their purpose as a result of difficulties impossible to foresee. It would have shortened the war, but our defenses remain intact in the presence of an already weakened enemy."

"Every Frenchman will deplore the temporary abandonment of portions of Alsace and Lorraine which we had occupied and certain parts of the national territory will suffer from events."

"The ordeal is inevitable, but temporary. Thus detachments of German cavalry belonging to an unattached division operating on the extreme right have penetrated to Roubaix (six miles north of Lille) and the Tourcoing district which are defended only by territorial reservists."

"Our valiant people will know how to find courage to support this trial, with unflinching faith in final success, which is not to be doubted. In telling to the country the whole truth the government and military authorities give it the strongest proof of their absolute confidence in victory, which depends only on our perseverance and tenacity."

### AUSTRIAN EMPEROR WORSE

His Death Is Said to Be a Question of Hours.

London, Aug. 25.—A Copenhagen dispatch to the Exchange Telegraph company dated Aug. 24, says:

"The condition of Emperor Francis Joseph of Austria, according to telegrams received, is much worse. His death is a question of hours."

### PRESIDENT POINCARÉ.

Presides at Meeting of French Cabinet.

### IN SESSION THREE HOURS

French Cabinet Discusses Defeat of Allied Armies.

Paris, Aug. 25.—The military situation was discussed at a special meeting of the cabinet at Elysee palace, presided over by President Poincaré. The deliberations lasted three hours. No statement was given out as to the matters discussed, but it is reported the defeat of the allied forces was before the cabinet.

### LATEST DEVELOPMENTS IN EUROPE.

The French and British troops opposing the invasion of the German army in Belgium have suffered a serious reverse, according to the official announcement issued by the French war office. In the battle line, which extends from Mons to the Luxembourg frontier, several army corps, composed of both British and French, took the offensive on Sunday against the Germans, but their plan of attack failed, owing to "unforeseen difficulties," as described by the official statement, and the troops retired on the covering positions.

The losses on both sides are reported as extremely heavy and the French officials describe the Germans as being obliged to establish themselves in fresh positions in Lorraine. The French have abandoned those portions of Alsace and Lorraine which they had previously occupied and now look for heavy fighting in French territory.

Detachments of German cavalry, operating on the extreme right, have reached Roubaix, a few miles to the north of Lille. This territory is defended only by reservists.

At Tsingtau, capital of Kiaochow, the German protectorate in China, the German forces have prepared for a bombardment by the Japanese fleet, by dynamiting all the tall structures there which might be of assistance to the attacking forces as sighting points. They have also taken all possible measures to oppose the advance of a Japanese field army.

Emperor Nicholas of Russia is reported to have gone to the headquarters of the Russian army, which has taken the offensive in full strength and is said to be advancing in East and West Prussia.

### CZAR ACTIVE HEAD OF WHOLE RUSSIAN ARMY.

London, Aug. 25.—The Central News has given out a message from its Rome correspondent saying that a dispatch received in the Italian capital from St. Petersburg declares that Emperor Nicholas has gone to the headquarters of the Russian army, which has taken the offensive in full strength.

### Italy Is Not Mobilizing.

London, Aug. 25.—A dispatch to the Times from Rome says the Italian premier, Signor Salandra, assured a committee of deputies that no mobilization was imminent in Italy and that if it did occur later it would not mean any abandonment of Italian neutrality.

**Economical.**  
It is told of an Aberdeen miser that he eats his meals in front of a mirror because it doubles the dishes.

### Special to Dispatch:

London, Aug. 25, 10:35 A. M.—It is announced here that Namur, the capital of the province Namur, thirty-four miles southeast of Brussels and strongly fortified, was captured by the Germans.

Commenting on the fall of the Belgian stronghold the Chronicle says: "News today is decidedly bad. We may see before long that the Germans march in earnest upon Paris."

London, Aug. 25, 5 A. M.—It is announced this morning that Namur, capital of the province of Namur in Belgium, southeast of Brussels on the River Meuse, a strongly fortified city and one of the chief bulwarks in the allies' line of defense, has been captured by the Germans.

Commenting on the fall of Namur before the Germans, the Times says it is one of those inexplicable events which makes war the gamble that is. That Namur should have fallen in two days will require a deal of explanation, the Times adds.

The news has caused grave apprehension in official circles.

This disaster greatly lessens the chances for victory being on the side of the allies in the stupendous battle which has been raging since Saturday.

Beyond the bare statement that Namur had fallen, the official war information bureau has issued nothing on the subject. It is not definitely known whether the fall refers to the town or to the fort, or to both.

Paris, Aug. 25, 11:12 A. M.—Driven to their own fortifications the French and British lines are today strictly on the defensive. Fresh forces of Germans have been pushed through to replace the columns shattered in Monday's victorious advance. The great fortress of Namur, counted on to hold out for weeks, has collapsed in three days.

## GERMAN AIRSHIP BROUGHT TO GROUND

### Special to The Dispatch:

Antwerp, Aug. 25, 11:12 A. M.—A German Zeppelin airship was brought down by Belgian artillery here after destroying a number of buildings by dropping bombs from the air. The crew of fifteen were taken prisoners.

## GERMANS CAPTURE MANY PRISONERS

### Special to Dispatch:

Washington, Aug. 25, 3:25 P. M.—A wireless dispatch from the foreign office in Berlin to the German embassy at Washington, records the severe defeat of the French troops in the battle which raged from Aug. 17 to 21 and in the course of which more than one hundred and fifty field guns and ten thousand prisoners were captured.

## GERMANS ROUTED IN PRUSSIA

### Special to The Dispatch:

St. Petersburg, Aug. 25, 3:25 P. M.—Attacked in the rear by a Russian army from Warsaw, the defeat of three German army corps was turned into a rout in northeastern Prussia, according to advices here.

### FIERCE FIGHTING AT OSTEND

### Special to The Dispatch:

London, Aug. 25, 1:30 P. M.—Ostend dispatch says fierce fighting is in progress between Uhlans and Belgian Gendarmes on the outskirts of the city. Many wounded are being brought into Ostend in automobiles.

### FIGHTING 13 MILES FROM ANTWERP

### Special to The Dispatch:

London, Aug. 25, 4:45 A. M.—A dispatch to the Times from Ostend, sent today, says that 30,000 Germans are attacking Malines, a Belgian city 13 miles southeast of Antwerp. Skirmishing is general in northwest Flanders.

### FORTS AT CATTARO ARE DESTROYED

### Special to The Dispatch:

Milan, (via Paris) Aug. 25, 5 A. M.—A news dispatch from Cattaro says all of the fortifications there have been destroyed by the allied fleet. The Austrians did not have time before the attack to strew the Gulf of Cattaro with mines.

### STAGNATION IN FINANCES

Foreign Exchange Market Continues Paralyzed.

New York, Aug. 25.—The beginning of the fourth week of involuntary financial stagnation finds little change in the domestic situation.

The greatest obstacle continues to be that presented by the paralysis of the foreign exchange market, for which the banking interests are yet without remedy.

The all absorbing topic of discussion in high financial quarters is the extent of the country's indebtedness to Europe. The enormous sums of money held in France and Germany to the credit of American bankers must in the nature of existing conditions remain in a state of rigidity for an indefinite period.

Because the London stock exchange is considering the advisability of reopening under greatly restricted conditions rumors were again current that resumption of operations here is not far off. All such reports were denied by exchange officials.

**Proof of Affection.**  
A man doesn't really love women or children unless he lets them impose on him.—Atchison Globe.

### ARE READY FOR LONG STRUGGLE

### British Realize War Will Be Costly.

### ENORMOUS DEATH ROLL

### Casualties Will Exceed Any Conflict Since Crimean War.

London, Aug. 25.—This day of waiting has brought home the realities of war to the British people. Not before has the whole nation been so deeply moved.

Englishmen know that most of the best regiments of their army are fighting a battle on which the future of the empire may depend. Many thousands have relatives and friends in the army; they know the death roll probably will be longer than in the case of any British force since the Crimean war.

The only information the country has had regarding the battle is contained in brief official bulletins of a vague character and these have not been cheering.

Throughout London the people are in much more serious mood than at any time since they faced the war. There are no scenes of gaiety in the theaters and restaurants and the crowded streets are very quiet.

### Long and Exhausting Struggle.

This does not mean that there is any less determination on the part of Britons—only that the people are beginning to realize what this war may cost them. On every side are heard declarations that the country must be prepared for a long and exhausting struggle.

While not many reproaches come from supporters of Lord Roberts' crusade for compulsory military service not a few admit they never realized how small a part the British army counted in a great European struggle.

Thus far England has felt the war less than any European nation engaged, probably less than Holland and Switzerland, but now, waiting for the issue of the battle and for the lists of killed and wounded, the English people understand all that it means.

Every boat from Belgium comes crowded with impoverished refugees who have fled before the German invasion. An organization is being formed to care for these people and part of the Prince of Wales' relief fund, which amounts to more than \$7,500,000, will be sent to Antwerp for sufferers who have taken refuge there.

### FRIENDLY TOWARD AMERICA

Ambassador Von Bernstorff Tells How Germany Feels.

New York, Aug. 25.—The feeling throughout Germany toward the United States, according to the German ambassador, Count von Bernstorff, who returned from Berlin, is one of great friendliness. Special trains have been provided by the German government for all American tourists in the empire.

These trains are being sent through to the front as rapidly as possible and steps have been taken to see that they reach neutral territory.

During the first few days of mobilization it was impossible for the government to permit Americans to leave the country because all trains were needed for transporting the army.

### FIRST LIST OF CASUALTIES

English Earl Seriously Wounded in Cavalry Skirmish.

London, Aug. 25.—The first list of the casualties suffered by the British expeditionary army on the continent was published here. It contains but three names.

One, the Earl of Leven and Melville, a lieutenant in the Second Dragoons, Royal Scots Greys, was dangerously wounded Aug. 22, apparently in the cavalry fight at Waterloo.

The other wounded men are a sergeant of the royal flying corps and a captain of engineers.

### Says Germans Won't Purge.

Paris, Aug. 25.—The Figaro published a story quoting the words of a French general commanding a corps in the north to a friend before leaving Paris for his post. "I leave with the most sincere and reasonable hope of victory," the general said. "But if unforeseen and unfortunate circumstances oblige us to retreat the enemy will be in such a state that he will not be able to pursue us."

### SECRETARY GARRISON.

Says Americans in War Zone Are Doing Nicely.

Photo © by American Press Association

### ARE ADEQUATE AT PRESENT

Steamship Accommodations to Bring Back Americans.

Washington, Aug. 25.—Secretary Garrison, chairman of the government's relief board, reiterated that steamship accommodations for Americans from all parts of Europe are adequate for the present and that his reports show improvements in the financial condition of Americans in the war zones.

Secretary Garrison gave a summary of the reports received to date concerning the movements and disposition of the officers and relief funds sent to Europe.

### MAKE CASE OF EACH NEUTRAL VIOLATION

### This Is Said to Be Policy of Great Britain.

Washington, Aug. 25.—Regarding the principles of international law concerning contraband, blockade, the rights of neutral shipping and the obligations upon neutrals to maintain strict impartiality in their treatment of the war and commercial ships of the belligerents, it is the purpose of the British government, and it is understood of the other belligerents, to request such neutral powers as the United States to deal with each question involving the application of neutrality as a distinct legal proposition.

This would eliminate the diplomatic treatment of such questions and soon would result in a standard and uniform method of dealing with these questions which would not be subject to challenge by any fair minded belligerent.

Great Britain and France have signified their purpose to abide by the declarations of London as affecting their rights and that of neutral nations during the present war, notwithstanding the fact that their formal assent to these declarations have not yet been reported.

\*\*\*\*\*  
SERVIA COMPLAINS OF CRUELTY OF AUSTRIANS.  
Paris, Aug. 25.—The Servian government, in a protest to France, declares that the Austrian army during its retreat along the Drina river committed cruelties upon old men, women and children in violation of the rules of warfare.  
The Drina forms the greater part of the boundary between Bosnia and Servia.  
\*\*\*\*\*

### Austrian Monitor Sunk by Mine.

London, Aug. 25.—In a dispatch from Paris the correspondent of the Exchange Telegraph company says the Excelsior publishes a message from Nish, Servia, saying that an Austrian monitor struck a mine in the Adriatic and was destroyed. The crew of the monitor perished.

### Austrian Cruiser Dismantled.

Washington, Aug. 25.—Danger of war between Japan and Austria was removed through the agreement of Austria to dismantle her cruiser, the Kaiserin Elizabeth, now at Tsingtau.

**Champagne.**  
Champagne is a product of France. It was invented or discovered there 250 years ago.

### PREPARING TO BATTLE WITH JAPS

### Germans at Tsingtau Active.

### RAZE TALL BUILDINGS

### Garrisons Use Dynamite to Destroy Structures.

Tsingtau, Aug. 25.—The German garrison here is ready for the Japanese fleet and army. The enemy is expected at any moment.

Everything which might be of assistance to the Japanese gunners in Tsingtau has been destroyed. The Germans have dynamited all tall structures. Not a sighting point is left for the attacking fleet.

The railroad bridge at the boundary of their leased property has been destroyed by the Germans. They have razed the Chinese villages within the territory. The inhabitants have been compensated in part for their loss.

The cipher message of Emperor William addressed to the Tsingtau garrison was read aloud at roll call. The Kaiser's call for the men to hold the position to the uttermost was received stoically by the soldiers.

### COMMAND NAVAL SQUADRONS

Japan Names Officers to Lead Three Fleets.

Tokio, Aug. 25.—The British, Russian and French embassies are flying the Japanese flag as symbolic of the alliance.

Vice Admiral Tomesaburo Kato has been appointed commander-in-chief of the First squadron; Vice Admiral Sadakichi Kato, commander of the Second squadron, and Rear Admiral Tsuchiya, commander of the Third squadron.

Contradictory reports are in circulation of a battle between British and German warships, but there has been no confirmation.

### BOY SCOUTS WILL ASSIST

Do Lighter Work of Men and Aid Sick and Wounded.

New York, Aug. 25.—The national headquarters of the Boy Scouts of America made public instructions by Lieutenant General Sir Robert S. S. Baden-Powell which he has issued to the thousands of troops of Boy Scouts in the British empire.

The instructions are in the form of a statement under the heading, "The Great War."

The scouts will be utilized, says the statement, to take the lighter work of men in order that these may be released to the more arduous duties of war.

They will help families of men employed in defense duties or aid the sick or wounded, establish first aid, dressing or nursing stations, dispensaries or soup kitchens in their club rooms and act as guides and orderlies.

### DUE TO NATURAL CAUSES

Federal Attorney Discusses High Price of Food.

New York, Aug. 25.—The federal inquiry into the higher cost of food has not developed that the increases were unwarranted, according to Robert B. Wood, assistant federal district attorney in charge of the investigation.

"No evidence of conspiracy to force up the price of food has been disclosed which would warrant criminal action being instituted by the government," Mr. Wood said.

"Generally speaking, there has been no unusual rise in the price of food stuffs. There have been increases in a few commodities, but some of these have become dearer because of natural causes."

"I will admit that the timeliness of our inquiry might have arrested a general forward movement of prices due to the greed of retailers and wholesalers."

### BELGIAN LOSSES SO FAR 40,000 KILLED.

London, Aug. 25.—The correspondent of the Chronicle says that Belgium's losses so far are estimated at 40,000. No estimate of the appalling property loss has been hazarded by the officials.

**CO. OPTION NOT ABANDONED**

Wm. E. Lee, republican candidate for governor, is being advertised as having abandoned his advocacy of county option, the report being circulated through the state press to the effect that at the meeting of the state central committee on the 19th inst. he changed from his former position on that question. Mr. Lee authorized the following statement:

"Nothing I said or left unsaid warrants any such conclusion, as the 200 gentlemen present at that time will attest. I am in favor of county option. My attitude on this question has not changed and will not change."

The Dispatch has been informed by a member of the committee present and who heard Mr. Lee's speech that he told the committee in terms that could not be misunderstood that the brewery interests should no longer be permitted to control the legislature or the politics of the state, and this sentiment is gaining ground throughout the state. We may differ with Mr. Lee on his ideas regarding county option, but it must be admitted that he has been consistent in his statements regarding this issue. The county option proposition is one that the whole people must decide, and not the man who is elected governor. And whether you agree with him or not on this issue, you cannot help but admire him for the open stand he has taken in the matter, there is no beating about the bush, or the attempted acrobatic act of riding two horses at one time.

Frank Eddy is giving Congressman Lindbergh some hot shot in the Sauk Center Herald these days.

The latest from the Rines-Preus contest shows that 70,000 of the 170,000 votes cast at the late primary election have been recounted and that it has resulted in a gain of 119 for Rines, leaving Preus 930 in the lead, with no probable chance for Rines to overcome the same.

Congressman Hammond is liable to have to stick to his post at Wash-

ington and let his democratic friends run his gubernatorial campaign. The European war has made it necessary for congress to remain in session and it has embarrassed many a candidate who would rather be at home mending fences, or putting up new ones, than to remain at Washington while their opponents are putting them to the bad.

The war department feeds its men for 30 cents per day, and Uncle Sam's soldiers are fed better than the average workman in this country. If this is the case, and the annual report of the chief of the quartermaster corps shows it to be so, it must be that the war department does not know of the high cost of living to the private citizen. If the necessities of life continue to advance in price it will be wise to turn the matter over to the department as the government buys in enormous quantities at bed rock prices and are able to feed their men even at such times as the present at moderate figures. If this government can feed its own soldiers for less than 30 cents per day it ought to be able to do so for all the people if necessary.

David Ramaley, for 47 years treasurer of the Minnesota State Editorial Association, and beloved by the newspaper fraternity of the state, has gone to his reward. He came to Minnesota nearly 60 years ago and has been identified as a printer, publisher and journalist during all these years. His was a long and well spent life, full of good deeds and his kindly nature will long be remembered by the profession with which he was so closely connected. The death of David Ramaley calls to mind the recent loss to the fraternity of C. C. Whitney and H. P. Hall, three who were identified with the state association of newspaper men practically since the organization of that body and who labored so industriously for its success. David Ramaley, like the others, will live long in the minds of those who knew them best.

Congressman Lindbergh has returned to Washington after touring his district, and looking after the overflow caused by the Mississippi reservoirs which will be reported to congress. The St. Cloud Journal-Press says "when in the upper country he discovered several acres of land on a lake shore, covered with heavy pine, which he purchased for a summer home, for \$500. He estimates the value of the pine alone to be \$800, but will preserve it as an attraction. He has no idea when congress will adjourn and is reported to have said that he can campaign just as well in Washington as in Minnesota, having great faith in the vote pulling power of a personal letter. He has the name and post office address of every voter in the district and every one of them hears from him by personal letter, public document or a package of seeds. As a politician Mr. Lindbergh is about the smoothest and most successful one that ever hailed from Minnesota. He does it so easy, with the aid of a capable private secretary."

at St. Francis Catholic church. They will be at home after September 20 at Riverton.

Manager D. A. Peterson, of the Bainard team, has received news that the Pine River team wants to play again and is willing to bet \$200 on the game. They probably have an idea that Bainard won on a fluke because the score was only 3 to 0. Probably another game can be arranged for and the county fair at Pequot would be a good place to play it.

For Sale—A well improved 160 acre farm six miles from Bainard. Telephone, R. F. D. and good ore attraction. No reservation. \$30 per acre. Owner will give part time, take in a late model car or acreage nearer city. See the Security National Loan Company—Adv. 65

A picture frame over twenty feet long and containing three pictures was made entirely in Bainard by D. E. Whitney. The frame was made from raw oak. In the large center space is the subject, "Knights of the Round Table of King Arthur." On each side are smaller pictures, one entitled "Key to the Castle" and the other "Oath of Knighthood." The whole is the class memorial of the class of 1914 for presentation to the high school.

**CO. OPTION NOT ABANDONED**  
Wm. E. Lee, republican candidate for governor, is being advertised as having abandoned his advocacy of county option, the report being circulated through the state press to the effect that at the meeting of the state central committee on the 19th instant he changed from his former position on that question. Mr. Lee authorizes the following statement:  
"Nothing I said or left unsaid warrants any such conclusion, as the 200 gentlemen present at that time will attest. I am in favor of county option. My attitude on this question has not changed and will not change."

The Dispatch has been informed by a member of the committee present and who heard Mr. Lee's speech that he told the committee in terms that could not be misunderstood that the brewery interests should no longer be permitted to control the legislature or the politics of the state, and this sentiment is gaining ground throughout the state. We may differ with Mr. Lee on his ideas regarding county option, but it must be admitted that he has been consistent in his statements regarding this issue. The county option proposition is one that the whole people must decide, and not the man who is elected governor. And whether you agree with him or not on this issue, you cannot help but admire him for the open stand he has taken in the matter, there is no beating about the bush, or the attempted acrobatic act of riding two horses at one time.

Frank Eddy is giving Congressman Lindbergh some hot shot in the Sauk Center Herald these days.

The latest from the Rines-Preus contest shows that 70,000 of the 170,000 votes cast at the late primary election have been recounted and that it has resulted in a gain of 119 for Rines, leaving Preus 930 in the lead, with no probable chance for Rines to overcome the same.

Congressman Hammond is liable to have to stick to his post at Washington and let his democratic friends run his gubernatorial campaign. The European war has made it necessary for congress to remain in session and it has embarrassed many a candidate who would rather be at home mending fences, or putting up new ones, than to remain at Washington while their opponents are putting them to the bad.

The war department feeds its men for 30 cents per day, and Uncle Sam's soldiers are fed better than the average workman in this country. If this is the case, and the annual report of the chief of the quartermaster corps shows it to be so, it must be that the war department does not know of the high cost of living to the private citizen. If the necessities of life continue to advance in price it will be wise to turn the matter over to the department as the government buys in enormous quantities at bed rock prices and are able to feed their men even at such times as the present at moderate figures. If this government can feed its own soldiers for less than 30 cents per day it ought to be able to do so for all the people if necessary.

David Ramaley, for 47 years treasurer of the Minnesota State Editorial Association, and beloved by the newspaper fraternity of the state, has gone to his reward. He came to Minnesota nearly 60 years ago and has been identified as a printer, publisher and journalist during all these years. His was a long and well spent life, full of good deeds and his kindly nature will long be remembered by the profession with which he was so closely connected. The death of David Ramaley calls to mind the recent loss to the fraternity of C. C. Whitney and H. P. Hall, three who were identified with the state association of newspaper men practically since the organization of that body and who labored so industriously for its success. David Ramaley, like the others, will live long in the minds of those who knew them best.

Congressman Lindbergh has returned to Washington after touring his district, and looking after the overflow caused by the Mississippi reservoirs which will be reported to congress. The St. Cloud Journal-Press says "when in the upper country he discovered several acres of land on a lake shore, covered with heavy pine, which he purchased for a summer home, for \$500. He estimates the value of the pine alone to be \$800, but will preserve it as an attraction. He has no idea when congress will adjourn and is reported to have said that he can campaign just as well in Washington as in Minnesota, having great faith in the vote pulling power of a personal letter. He has the name and post office address of every voter in the district and every one of them hears from him by personal letter, public document or a package of seeds. As a politician Mr. Lindbergh is about the smoothest and most successful one that ever hailed from Minnesota. He does it so easy, with the aid of a capable private secretary."

## COUNCIL MEETS MONDAY EVENING

All Present Except Alderman Mahlum—City Hall Matters Were Discussed

### TWO BONDS ARE REJECTED

The Condition of the City Dump in West Brainerd is in Need of Reformation

All members of the city council except Alderman Mahlum were present at Monday night's adjourned meeting of the city council. City hall matters were discussed. The bond of Nimis & Nimis was accepted. That of the Hodgkin Construction Co. and of the Diebold Safe & Lock Co. were ordered sent back. There were typographical errors, for instance, that the contract should be completed on March 1, 1914, and there were clauses in the bond which had so many exceptions that the city attorney wondered what safety the bond ultimately exercised in protecting the city. The bonds of the Slipp-Gruehagen Co. are expected to be ready in a week.

Alderman Lagerquist asked about the late robbery at the city hall and was told there had been no report to the bonding company until the deficiency had been checked up.

On motion of Alderman Betzold seconded by Alderman Haake the city engineer is to advertise for bids to construct the lateral sewer A-4 in district No. 5.

Alderman Peterson reported on road work and told of the good work done from the Dodd farm past Alderman Anderson's place and on to the Elder farm. In five days a mile and a half of road was made, using a grader and the city's roller.

The street committee was authorized to fix up the Barrows road within the city limits.

The same committee was authorized to repair Broadway to Kingwood to the fill with crushed rock wherever needed.

On motion of Alderman Anderson and Alderman Haake the city may sell crushed rock to city hall contractors at \$11.40 a cord and weigh bills must be obtained for every cord sold.

The city dump is growing to be a pile of carrion of most nauseating smell. William Dayton made an offer to bury the carcasses now lying there exposed, there being 11 or more, and to build a barb wire fence to the dump for \$25. He also asked to be made a special policeman with power to guard the dump and to prevent the indiscriminate distribution of offal at every place near by the dump. Mr. Dayton's idea of a fence was to make a drive way to the dump which would prevent any man from unloading refuse outside of the dump. Should he disregard such injunctions Mr. Dayton, living near by, would catch the offender in the act and arrest him. The council is considering the matter in conjunction with the health officer, Dr. R. A. Beise.

### HALL BEING MOVED

Salvation Army to Meet Tonight at 924 Front Street, Old Home Being Moved

The old home of the Salvation Army at 219 South Fifth street is being moved to its new location on Front street. The old lot now becomes a part of the new city hall site.

Tonight the Army will hold its services at 924 Front street. Capt. O. A. Sandgren of Grand Forks, and Lieutenant Larson of Eau Claire, Wis., are in charge of services. Street services are also held before the general meeting at the hall.

The hall in its new location will be entirely remodeled and painted up. It is expected to have it brick veneered and other improvements made, using for this purpose the generous bequest of \$1,000 made to the Army by the late Judge G. W. Holland.

### RESOLUTION

Be it Resolved, by the City Council of the city of Brainerd that a 6, 8 and 10 inch district sewer be laid and constructed in sewer district No. 6 commencing at the intersection of Third street and Bluff avenue north, running thence East along said Bluff avenue to the intersection of Tenth street, thence in a Northerly direction to connect with the general sewer of said city.

Passed Aug. 17, 1914.  
C. A. LAGERQUIST,  
President of the Council.

Approved Aug. 21, 1914.  
R. A. HENNING,  
Mayor.

Published Aug. 25th, 1914.  
Attest:  
V. N. RODERICK,  
City Clerk.

## BUSH WINS FROM ST. LOUIS

Philadelphia, Aug. 24—Philadelphia won both games from St. Louis today, 7 to 1 and 6 to 3. The second contest was called by Umpire Connelly at the end of the seventh inning on account of darkness. In the fourth inning of the second game Strunk, in running to first base, collided with Howard and stepped on the latter's right foot. The ball was out of Howard's big toe and he was carried off the field. Austin and Murphy got into an argument over the play and Austin attempted to strike McInnes, who acted as peace-maker, while Agnew jumped into the bleachers after a fan who was yelling at the visiting players. No action was taken against Austin or Agnew by the umpires. Score: Second game:

St. Louis.....1 0 0 1 0 1 0—3 8 3  
Philadelphia 0 0 1 0 2 1 2—6 9 2  
Batteries—Baumgardner and Agnew, Leary; Bush and Schang. Umpires, Connelly and Chilli.

## UNION REVIVAL MEETINGS HELD

Successful Series at Sutton and South Long Lake by Evangelist Martin and Walter Smith

### 33 CONVERTED AT SUTTON

26 Converted at South Long Lake—Dykeman Meetings Scheduled Starting Aug. 30

Union revival meetings at Sutton and South Long Lake school houses conducted by Evangelist Clarence J. Martin under the direction of Walter Smith, American Sunday School union representative, closed Sunday night.

Services lasting one week and a half were held at each point. There were thirty-three conversions at Sutton and twenty-six at South Long Lake, a total of 59 for the two meetings. Frequently the building in which the meetings were held would not seat the crowds that attended. Members of the men's evangelistic team at the Baptist church at Brainerd, assisted at one service during the revival at Sutton school house.

Five members of the men's evangelistic team from the Brainerd M. E. church under the leadership of D. T. Lawrence, secretary of the Y. M. C. A., assisted at the afternoon service at South Long Lake Aug. 23, addresses being made by the party. Mr. Martin followed and gave an invitation at which time twelve persons professed conversion.

Two more came forward at the night service, making 14 for the day. Miss Alta Maist and Miss Florence Sutton had charge of the music during the progress of both meetings. Evangelist Martin begins another meeting at Dykeman 18 miles east of Brainerd Sunday, August 30th, at 3 o'clock P. M. It is expected that many persons from Brainerd will attend this meeting.

### BETTER TRAIN SERVICE

Northern Pacific Railway Adds Coach for Extra Travel From Brainerd to Little Falls

In response to the general demand for more train equipment, the Northern Pacific railway has added an extra coach to the St. Paul afternoon train for service between Brainerd and Little Falls, and if necessary to the Twin Cities.

Yesterday the travel was so heavy this coach was not detached at Little Falls but continued on to the Twin Cities.

This improvement of service on the part of the Northern Pacific railway is hailed with gratification on the part of travelers. The observation-car cafe car is doing a large business. On the whole, the heaviest northern Minnesota tourist travel is on at the present time and the accommodations of the Northern Pacific and Minnesota & International railway are now highly spoken of by travelers.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh is a constitutional disease, and therefore requires constitutional treatment. J. C. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, P. O. Cheney & Co., Toledo, O. Sold by Druggists, 75c.

## WORK STARTS ON CITY HALL

City Engineer C. D. Peacock Has Surveyed Out the Foundation Lines of Structure

### EXCAVATION WILL START SOON

Hole to be Dug 140 by 150 Feet in Extent and Five Feet Deep

Work on the new \$75,000 city hall has been started. The Hodgkin Construction Co., of St. Paul, has the general contract and as soon as the Salvation Army building is removed they will put a force of 15 Brainerd men and 8 teams at work excavating the basement.

This excavation for the main structure is to be five feet deep and about 54 feet by 90 feet in size. Including the full the basement measures roughly speaking about 140 by 150 feet.

W. E. Hodgkin, of the construction firm, is on the ground and tomorrow will put up an office on the site. At present he is stopping at the Ransford hotel. He hopes the Salvation Army building will soon be removed from the grounds, the local contractor having already spent a week on the job.

City Engineer C. D. Peacock has surveyed out the foundation lines. Throughout the entire building Brainerd material and Brainerd labor will enter into the construction of the building as much as possible.

The Brainerd Booster club early in the year favored getting lists of Brainerd workers in all lines, to be furnished the contractors.

### LARGEST DRIVE PASSING

The Weyerhaeuser and Northland Pine Companies are Floating 55,000,000 Feet of Timber

The Aitkin Age says: "The largest drive that will ever come down the Mississippi river floated through Aitkin this week, coming down from Grand Rapids, the timber having been cut in the neighborhood of Lake Winnibigoshish. When the steamer Lee was about to start on her usual trip Tuesday morning it was discovered that a log jam three miles long was lying a short distance above Aitkin, and the boat trip was postponed. The drive comprises 55,000,000 feet of timber for the Weyerhaeuser and Northland Pine companies and is on its way to Minneapolis. The timber has decreased year by year, and where in 1893-94 one of a dozen companies operating in this section cut 120,000,000 alone, the whole cut this year was little more than that. Timber will continue to be driven on the Mississippi, it is figured, until about 1916, but there will never again be a drive as large as the one that went through this week."

### RUN OVER AND KILLED

Man Found at Coal Docks, Bemidji, Believed to Have Been Killed by Brainerd Local

The Bemidji Pioneer gives the following account of an accident in the railroad yards there on Saturday:

Just before the arrival of the south bound Minnesota & International passenger train at the East Bemidji coaling docks Saturday evening, the body of a man, believed to be that of Norman S. Whitney, of Kansas City, was found on the track. His head bearing a deep scalp wound, and his arms and legs being badly lacerated by the cars.

That Whitney had been dead for at least two hours when found, is the opinion of trainmen and it is their belief that he was killed when he attempted to crawl out from the rods of train 45, the local Brainerd freight, on which he is believed to have gained passage from Walker.

### ON CANOE TRIP

Minneapolis People to Paddle From Brainerd to the Mill City, Leaving Today

With three canoes in the party a number of young people arrived in Brainerd this afternoon from the Twin Cities and will embark from Brainerd and make the trip down river. In the party are Mylius Wilcox, Miss Josephine Wilcox, Miss Mary Mosher, F. B. Wilcox, Fred Brown and Raymond Higgins, all of Minneapolis.

### Check Your April Cough

## LOG ROLLING TOURNAMENT

World's Championship to be Decided at Eau Claire, Wis., on Coming Labor Day

### GOLD AND SILVER CUPS PRIZES

Some of the River Drivers Mentioned Who Will Take Part in the Contest

The much talked of log rolling tournament for the world's championship will be staged in Eau Claire, Wis., on Labor Day and it is expected that log rollers from all parts of the country will enter. Great interest is developing in the coming contest and it is expected that the same will draw hundreds to Eau Claire for the occasion.

A gold and silver cup will be given as a cherished emblem for the world's championship, and the purses will be divided into four parts. There will also be first and second prizes for log racing and fancy riding.

Wm. P. Hart has been induced to promote the coming tournament and all inquiries should be addressed to him at Eau Claire.

Valuable prizes will be offered by the following concerns: A. A. Cutter Shoe Co., Eau Claire Hand Made Shoe Co., Chippewa Shoe Mfg. Co., Chippewa Falls. Each will give a pair of their finest driving shoes as prizes. They will be any style of shoes made to order, especially for the winners.

The events are to be shown in movies and arrangements are being made for pictures of the many scenes of the tournament for that purpose.

It is in the neighborhood of eight years since the last log rolling tournament was staged for the world's championship, and therefore unusual interest is being manifest and inquiries and entries are coming in from all sections of the northwest.

The Eau Claire Daily Telegram gives a review of some of the log rolling experts who are expected to take part. This is interesting reading to many of the river men at Brainerd and vicinity.

Of Ab Thompson, of Eau Claire, it is said this boy is like a feather-weight on a cork log. Ab is one of the most accomplished log spinners that Eau Claire has produced. His speed and graceful work catches the fans.

Ole Midland, of Owen, Wis., is called a Hurricane Log Sailer and has blown out some of the best and his friends say that he is the best ever, and will more than hold his own with any of them, and they are backing him to take the first money. His friends declare that if he works like he did two years ago, when he defeated a class of six at Minneapolis, that he can't be beat.

Wm. Delyea, of Cloquet, whom they call the "Jumping Jehosaphat," is claimed to be the fastest ever seen in the northwest, and his work on the log chunk and globe is wonderful and fascinating. In the eight years that this young man has been rolling, he has never been wet. He says he is out for the championship and that he intends also to take John Murray's crown in the trick work.

Johnny Murray, of Eau Claire, is one of the oldest log rollers in the business. He started in as a kid and has been "cuffing the logs" for twenty-six years. It is claimed that Murray is the only living log roller that ever turned the 3 1/4 foot long, end end out, without a balance pole, and his friends are willing to back him for any amount that there is not a log roller who can duplicate the tricks on the block that Murray does. This block, chunk or log is 3 1/4 feet long and 24 inches through and looks like a small barrel.

Benjamin Carr, of Minneapolis, is expected to enter. He is the boy who claims to be the real champion and is willing to back himself for any part of \$500. This backers claim that he is the real spread merchant and he will show the "log cuffers" that he has speed to burn.

The following log artists are expected to enter: Albert Poppel, "The Old War Horse."

La Prairie, the full blood Indian, whose work on the log they say is spectacular.

Ele Roddigan, Rump Rorrie and Shell of Stillwater. They say that Roddigan is one of the world's best.

Al Stewart, of Grantsburg. John Pike, of Grantsburg. Steel Broadhead, Sauk Rapids. Pickle Rooney and Walter Quirk, of Little Falls.

Brainerd is expected to send a delegation.

### Clears Complexion—Removes Skin Blemishes

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, itch, tetter, salt rheum. Just ask your druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always helps. Relief or money back. 50c at your druggist. H. P. Dunn.—

## MUSIC AND DRAMA

### At the Columbia

Marc McDermott and his company of famous players arrive today for a two days' engagement. The first of "The Man Who Disappeared" series is "The Black Hawk," written and directed by Richard Childs. As with all serials run at the Columbia this picture is a complete story and has no bearing on what follows. The two part Lubin entitled, "The Lure of the Car Wheels," promises to be a thrilling story. The comedy is a Western. Mary Pickford is coming this week in a dandy play, the name being announced tomorrow.

Of interest to all baseball fans is the coming next Sunday and Monday of "Home Run Baker's Double." Not only Baker has a prominent part but Chief Bender comes in for his share of the honor. A new railroad series "The Hazards of Helen," will soon attract the attention of the entire country.

### Functions For Pet Dogs

Teas for poodles, which originated among the smart set of Palm Beach, Florida, have appealed to other centers of fashion. A Baltimore message states that Miss Georgiana Williams, a society debutante, gave a birthday tea in honor of her pet French poodle, Bunny. Miss Williams' younger sister and Miss Gertrude Parlee assisted. The dogs of the smart set had baths, and were powdered and perfumed, and those who did not go to the Williams' home in automobiles made the journey afoot. A tempting menu was served to the pets on saucers. People who use "Zumalweiss" grain belt beers, have more sense. J. O. Nelson, Tel. 179-J.—Adv't.

### Strengthens Weak and Tired Women

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00, at your druggist. H. P. Dunn, druggist.—Adv't.

### Dark Eyes.

Boys on a Camping Trip Meet Romance and Adventure

## "The Lady of the Island"

Imp Two-Reel Drama

Among the stirring features of the play is a race between a motor boat and an eight oar shell, containing college athletes. The college boys seek to rescue a girl, while those in the motor boat seek to prevent. Another element of interest in the picture is a trained dog, which plays an important part in the story; it was shipped especially for the picture from Rhode Island, and is acknowledged to be one of the best trained and most intelligent animals in America. Practically all of the scenes are laid out of doors, rich in natural settings. There is boating, yachting, camping and hunting. The story is rife with surprising twists; of course there is a romance, but just how it is all going to come out, keeps one guessing to the end.

## COUNCIL MEETS MONDAY EVENING

All Present Except Alderman Mahlum—City Hall Matters Were Discussed

### TWO BONDS ARE REJECTED

The Condition of the City Dump in West Brainerd is in Need of Reformation

All members of the city council except Alderman Mahlum were present at Monday night's adjourned meeting of the city council. City hall matters were discussed. The bond of Nimis & Nimis was accepted. That of the Hodgkin Construction Co. and of the Diebold Safe & Lock Co. were ordered set back. There were typographical errors, for instance, that the contract should be completed on March 1, 1914, and there were clauses in the bond which had so many exceptions that the city attorney wondered what safety the bond ultimately exercised in protecting the city. The bonds of the Slipp-Gruehagen Co. are expected to be ready in a week.

Alderman Lagerquist asked about the late robbery at the city hall and was told there had been no report to the bonding company until the deficiency had been checked up.

On motion of Alderman Betzold seconded by Alderman Haake the city engineer is to advertise for bids to construct the lateral sewer A-4 in district No. 5.

Alderman Peterson reported on road work and told of the good work done from the Dodd farm past Alderman Anderson's place and on to the Elder farm. In five days a mile and a half of road was made, using a grader and the city's roller.

The street committee was authorized to fix up the Barrows road within the city limits.

The same committee was authorized to repair Broadway to Kingwood to the fill with crushed rock wherever needed.

On motion of Alderman Anderson and Alderman Haake the city may sell crushed rock to city hall contractors at \$11.40 a cord and weigh bills must be obtained for every cord sold.

The city dump is growing to be a pile of carrion of most nauseating smell. William Dayton made an offer to bury the carcasses now lying there exposed, there being 11 or more, and to build a barb wire fence to the dump for \$25. He also asked to be made a special policeman with power to guard the dump and to prevent the indiscriminate distribution of offal at every place near by the dump. Mr. Dayton's idea of a fence was to make a drive way to the dump which would prevent any man from unloading refuse outside of the dump. Should he disregard such injunctions Mr. Dayton, living near by, would catch the offender in the act and arrest him. The council is considering the matter in conjunction with the health officer, Dr. R. A. Belse.

### HALL BEING MOVED

Salvation Army to Meet Tonight at 924 Front Street, Old Home Being Moved

The old home of the Salvation Army at 219 South Fifth street is being moved to its new location on Front street. The old lot now becomes a part of the new city hall site.

Tonight the Army will hold its services at 924 Front street. Capt. O. A. Sandgren of Grand Forks, and Lieutenant Larson of Eau Claire, Wis., are in charge of services. Street services are also held before the general meeting at the hall.

The hall in its new location will be entirely remodeled and painted up. It is expected to have it brick veneered and other improvements made, using for this purpose the generous bequest of \$1,000 made to the Army by the late Judge G. W. Holland.

### RESOLUTION

Be It Resolved, by the City Council of the city of Brainerd that a 6 and 10 inch district sewer be laid and constructed in sewer district No. 6 commencing at the intersection of Third street and Bluff avenue north, running thence East along said Bluff avenue to the intersection of Tenth street, thence in a Northerly direction to connect with the general sewer of said city.

Passed Aug. 17, 1914.  
C. A. LAGERQUIST,  
President of the Council.  
Approved Aug. 21, 1914.

R. A. HENNING,  
Mayor.  
Published Aug. 25th, 1914.

Attest:  
V. N. RODERICK,  
City Clerk.

## BUSH WINS FROM ST. LOUIS

Philadelphia, Aug. 24—Philadelphia won both games from St. Louis today, 7 to 1 and 6 to 3. The second contest was called by Umpire Connolly at the end of the seventh inning on account of darkness. In the fourth inning of the second game Strunk, in running to first base, collided with Howard and stepped on the latter's right foot. The ball was cut off Howard's big toe and he was carried off the field. Austin and Murphy got into an argument over the play and Austin attempted to strike Melnes, who acted as peace-maker, while Agnew jumped into the bleachers after a fan who was yelling at the visiting players. No action was taken against Austin or Agnew by the umpires. Score:

Second game:  
r h e  
St. Louis—1 0 0 1 0 1 0—3 8 3  
Philadelphia 0 0 1 0 2 1 2—6 9 2  
Batteries—Baumgardner and Agnew, Leary; Bush and Schang. Umpires, Connolly and Chill.

## UNION REVIVAL MEETINGS HELD

Successful Series at Sutton and South Long Lake by Evangelist Martin and Walter Smith

### 33 CONVERTED AT SUTTON

26 Converted at South Long Lake—Dykeman Meetings Scheduled Starting Aug. 30

Union revival meetings at Sutton and South Long Lake school houses conducted by Evangelist Clarence J. Martin under the direction of Walter Smith, American Sunday School union representative, closed Sunday night.

Services lasting one week and a half were held at each point. There were thirty-three conversions at Sutton and twenty-six at South Long Lake, a total of 59 for the two meetings. Frequently the building in which the meetings were held would not seat the crowds that attended.

Members of the men's evangelistic team at the Baptist church at Brainerd, assisted at one service during the revival at Sutton school house. Five members of the men's evangelistic team from the Brainerd M. E. church under the leadership of D. T. Lawrence, secretary of the Y. M. C. A., assisted at the afternoon service at South Long Lake Aug. 23, addresses being made by all the party. Mr. Martin followed and gave an invitation at which time twelve persons professed conversion.

Two more came forward at the night service, making 14 for the day. Miss Alta Maust and Miss Florence Sutton had charge of the music during the progress of both meetings. Evangelist Martin begins another meeting at Dykeman 18 miles east of Brainerd Sunday, August 30th, at 3 o'clock P. M. It is expected that many persons from Brainerd will attend this meeting.

### BETTER TRAIN SERVICE

Northern Pacific Railway Adds Coach for Extra Travel From Brainerd to Little Falls

The two part Lubin entitled, "The Lure of the Car Wheels," promises to be a thrilling story. The comedy is a Western. Mary Pickford is coming this week in a dandy play, the name being announced tomorrow.

Of interest to all baseball fans is the coming next Sunday and Monday of "Home Run Baker's Double." Not only Baker has a prominent part but Chief Bender comes in for his share of the honors. A new railroad series "The Hazards of Helen," will soon attract the attention of the entire country.

#### Functions for Pet Dogs

Teas for poodles, which originated among the smart set of Palm Beach, Florida, have appealed to other centers of fashion. A Baltimore message states that Miss Georgiana Williams, a society debutante, gave a birthday tea in honor of her pet French poodle, Bunny. Miss Williams' younger sister and Miss Gertrude Parille assisted. The dogs of the smart set had baths, and were powdered and perfumed, and those who did not go to the Williams' home in automobiles made the journey afoot. A tempting menu was served to the pets on saucers. People who use "Zumalweiss" grain belt beers, have more sense. J. O. Nelson, Tel. 179-J.—Advts.

#### Strengthens Weak and Tired Women

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00, at your druggist. H. P. Dunn, druggist.—Advts.

#### Dark Eyes.

Only twelve men in a hundred have dark eyes as compared with twenty women in a hundred.

Boys on a Camping Trip Meet Romance and Adventure

## "The Lady of the Island"

Imp Two-Reel Drama

Among the stirring features of the play is a race between a motor boat and an eight oar shell, containing college athletes. The college boys seek to rescue a girl, while those in the motor boat seek to prevent. Another element of interest in the picture is a trained dog, which plays an important part in the story; it was shipped especially for the picture from Rhode Island, and is acknowledged to be one of the best trained and most intelligent animals in America. Practically all of the scenes are laid out of doors, rich in natural settings. There is boating, yachting, camping and hunting. The story is rife with surprising twists; of course there is a romance, but just how it is all going to come out, keeps one guessing to the end.

## HOLLAND SUFFERS AS RESULT OF WAR

Thousands of Persons Idle and  
Crops Rotting.

Rotterdam, via London, Aug. 25.—Although the major part of Europe is in a state of war, thought in The Netherlands to be one of extermination, the good burghers of Holland manage to live their normal lives, in spite of the excitement that was apparent when the strife began.

Holland, nevertheless, has been hard hit commercially. On the fields rot thousands of tons of vegetables which formerly were consumed in England and Germany. The daily market also suffers and in the ports a thousand bottoms lie idle.

The unemployed in Rotterdam alone number 50,000 and in other cities conditions are similar. It is estimated that a total of 180,000 wage earners have been affected, but so far the situation is not desperate.

The standing forces of the country have been mobilized. The militia and the landwehr are under the call to arms. The breaking of the dykes and the rushing to arms of a small but heroic nation like the Dutch would indeed be a fit climax, according to sentiment in Rotterdam, to the cataclysm of Europe. But the Dutch are ready for the sacrifice.

### Spring Laxative and Blood Cleanser

Flush out the accumulated waste and poisons of the winter months; cleanse your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non-irritating laxative. Cures constipation, makes you feel fine. Take 25¢ at your druggist. H. P. Dunn, druggist—Advt.

**THOUGH YOU ESCAPE  
WITH YOUR LIFE**  
If fire occurs at your place, you will not find it sweet if the flames leave you penniless. All your remaining days will be filled with regret that you hadn't taken out insurance when you could. Fire is just as likely to happen to you as to anybody else. Be wise and have us insure you today. Then fire will not spell ruin for you.

### THE POST OFFICE CONTEST

Postmaster H. P. Armstrong is Facing Opposition—Social News of Ironton

Ironton, Minn., August 21.—The American Manganese Manufacturing Co. has established offices in the new First National bank building, taking a suite on the second floor.

Howard Olts is putting up a cement block building on Ironton avenue near the Northern Pacific tracks.

Henry Tabert is building a residence on Irene avenue. It is of bungalow construction.

Capt. Wm. Pascoe is building two cottages on Second street.

John A. Mattson's new residence on Third street is nearly completed.

A. Bjornas accompanied M. B. Ellingson to Crosby Wednesday where both attended to business matters and motored back.

E. A. Smith of Minneapolis, is figuring on establishing a paper in Ironton. Mr. Smith is a cousin of A. H. Proctor, cashier of the First National bank and also related to E. J. Tinkelpaugh of Brainerd.

The Spina hotel will erect a bubbler fountain in the lobby. The hotel is being well patronized by range people who appreciate its splendid cuisine and excellent service.

There are said to be three candidates for the post office and all democrats too. It includes Harry P. Armstrong, present incumbent, John Crowe and C. Gilbertsen. Mr. Crowe has a store near that of Postmaster Armstrong. Mr. Gilbertsen is the manager of the Cosgrove Mercantile Co.

Payrolls of mines in the Ironton district ran to over \$45,000 this month.

John H. Hill has suggested the formation of an Ironton club of sportsmen with grounds and a shooting preserve, and a suitable club house. The idea is gaining in favor.

Miss Mabel Victoria Erickson was married to Manual Anderson at the residence of the bride's foster parents, Mr. and Mrs. F. A. Johnson. Mr. Anderson is a prosperous business man of Ironton.

A pool tournament is being conducted at the Pavillion pool room.

Mrs. L. H. Gauthier and daughter Miss Stella are visiting relatives in Superior, Wis.

H. Thorson of Drake, N. D., president of the First State Bank of Ironton and Henry Sampson, of Elbow Lake, a director of the bank, were

State of Minnesota, County of Crow Wing, in Probate Court.

In the matter of the estate of Allen Z. Benslow, decedent.

The State of Minnesota to all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent having filed in this court her final account of the administration of the estate of said decedent, together with her petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled: Therefore, you and each of you are hereby cited and required to show cause, if any you have, before this court at the Probate Court Rooms in the County Court House, in the city of Brainerd, in the county of Crow Wing, State of Minnesota, on the tenth day of September, A. D. 1914, at ten o'clock A. M., why said petition should not be granted.

Witness the Judge of said Court, and the Seal of said Court, this 17th day of August, A. D. 1914.

J. T. SANBORN, Probate Judge.

KANTOR & EBNER, Attorneys.

## "A Perfect Woman Nobly Planned To Warn, to Comfort and Command"

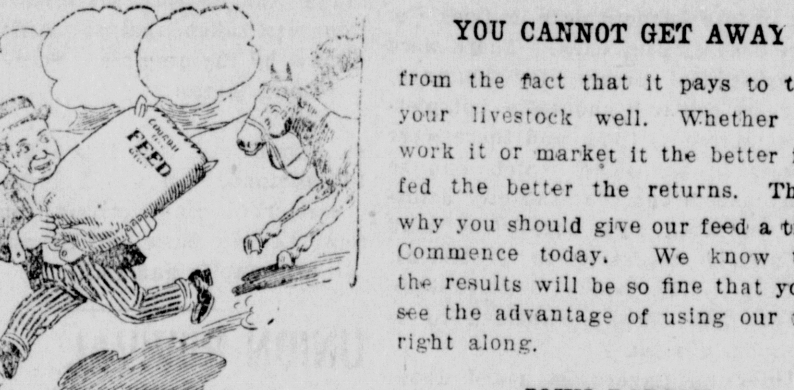

Nature never intended woman to be delicate, affable, or a sufferer from "nerves." Women in middle age complain of "hot flashes." Many women suffer needlessly from girlhood to womanhood, and from motherhood to middle life, with backache, or headache, dizziness, faintness, or becoming downcast. For a permanent relief from these distressing symptoms nothing is so good as

## DR. PIERCE'S FAVORITE PRESCRIPTION

as a soothing and strengthening nerve—alleviates and cures nervous excitability, irritability, nervous exhaustion, and other distressing symptoms commonly attendant upon functional and organic diseases of the female system. It induces refreshing sleep and relieves mental anxiety and despondency.

The "Favorite Prescription" is known everywhere and for over 40 years as the standard remedy for the diseases of women. Your dealer in medicines sells it in liquid or tablet form; or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription tablets. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, clay granules.

YOU CANNOT GET AWAY from the fact that it pays to treat your livestock well. Whether you work it or market it the better it is fed the better the returns. That's why you should give our feed a trial. Commence today. We know that the results will be so fine that you'll see the advantage of using our feed right along.

JOHN LARSON

## THE DISPATCH

Covers the news of the entire Cuyuna range and to get this information subscribe now.

THE MARINE MISUNDERSTOOD THE GOOD JUDGE

## YOU would rather take a clean, small chew, of course!

"Right-Cut" users get real tobacco satisfaction from less than a quarter their old size chew—and they are passing the glad news along to their friends.

It's the Real Tobacco Chew. Made of pure, sappy tobacco—seasoned and sweetened just enough.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

If your dealer does not sell it, send us 10c. in stamps for a pouch of "Right-Cut" Chewing Tobacco.
